Newsletter No. 6

Dear Parents/ Carers,

Welcome back and Happy New Year to all of our families. Not only a new year but the beginning of a new decade too!

We hope that everyone has had a relaxing time catching up with family and friends and recovering from some of the winter bugs which were starting to take hold at the end of the term.

We are delighted to be involved in an exciting project this year called Cows about Cambridge.

Cows about Cambridge is a stunning, free, public art trail of 40 individually designed Cow sculptures in Cambridge. Crafted by regional professional, emerging and, as yet, undiscovered artists, it weaves its way across Cambridge during the spring of 2020, encouraging local people to explore and enjoy their city from an exciting new perspective.

Schools, colleges and community youth groups have been given the chance to take part with their own mini moo Cow sculptures, and we are delighted that The Royal Society of Chemistry has very kindly sponsored us to take part in the project.

We now have possession of our very own mini moo sculpture, all ready for designing, decorating and submitting to be part of the trail.

This week the children in KS2 will bring home a cow template. If they wish to do so, they can submit a design for our sculpture. The design would hopefully reflect elements of our school; the cultural diversity, ethos, aims etc and the winning design will be shared in assembly. The cow will then be painted based on this design.

We then have to follow the timeline below:

22/01/20 - submission of design

10/02/20 - completed painted cow sculpture to be returned to Wild In Art

30/03—06/06/20—sculptures exhibited in cultural and leisure venues throughout Cambridge

08/06/20: sculpture returned to school to keep

We would hope to take school trips on the trail of cow sculptures around Cambridge during the allotted time.

With kind regards

Mrs Kendall | Headteacher
