

The Bellbird Primary School

'Soaring to Success'

Year 1 Sparrows and Wagtails Summer Term Homework Menu

Daily / Weekly

Reading: read **with** your child for a minimum of 10-15 minutes each day – don't forget the weekend!

Number: Mathematics homework will be set weekly. Your child's log-in details will be put into the Reading Record.

Spelling: Will be set every Friday and tested the following Friday.

Topic related activities

This term we are looking at travel and transport through the ages in our topic – Up, Up and Away. We will be looking at journeys made by animals and people, including travelling to holiday destinations.

We would like you to complete at least 3 of these:

- Draw a picture of a journey you have been on. It could be your journey to school, going on holiday, or even a bike ride!
- Make your own form of transport. You can do this on a computer, by hand, with Lego, or whatever you would like – use your imagination. (Avoid junk modelling as we will be doing this at school.)

- Find out about an animal's journey. You could think about birds that migrate, or the journey of fish, turtles or butterflies.
- Talk to someone you know about transport and travel in the past. How has it changed?
- Can you find out about a famous person who has changed how we travel, or has travelled in an interesting way? Think about astronauts, pilots, sailors.
- Make a presentation or a collage about transport you have used. You could use train tickets, maps or postcards.
- Listen to a piece of music and imagine a journey. Where does the music take you? How does it make you feel?

We are looking forward to seeing your creations before **Friday 16th July**. Have fun!

The more that you read, the more things you will know. The more that you learn, the more places you'll go. Dr Seuss
