

Kingfisher and Heron class home learning Spring "Space Invaders"

Daily/Weekly

- Reading: please ensure your child is reading for at least 30 minutes a day. An additional reading based activity might be completing a reading river, designing an alternative book cover or creating a book themed quiz (with answers). If they read a book from home, please record that in their reading record so that they can attempt a quiz, if there is one.
- Spellings: The children will have a set of 10 spellings each week to learn. These will be given out on the Friday to be tested the following Friday.
- Mathematics: the children will have three Mathematics tasks each week which will be set each half term.

Topic Related Activities

We would like you to complete at least 3 of these (but you can do more!)

- Create a model of the planets.
- Research and write about the life of a famous astronaut.
- Write a poem inspired by space.
- Create a 'moon diary' recording the changes to the shape of the moon over consecutive nights.
- Design equipment to use in a space station. How would you play with an electronic game while floating?
- Write a fact file on Neil Armstrong or Tim Peake.
- Create a short news report about the race to the Moon.
- Write a letter/diary entry from the perspective of an astronaut. How do they feel about the experience of being in space?
- Create a word search of topic based words.
- Create a modern day TV advert for astronauts.
